J.P. WISER'S 18 YEAR OLD

CANADIAN WHISKY

70CL | 40.00% | RRP £48.00

AWARD-WINNING 18 YEAR OLD CANADIAN CORN WHISKY

Made from double column-distilled corn and aged for a minimum of 18 years in used Canadian whisky casks, J.P. Wiser's 18 YO was named 'Best Canadian Corn Whisky' at the 2020 World Whisky Awards.

RICH FLAVOURS OF OAK, APPLE AND TOFFEE

The extended maturation in used Canadian whisky casks creates elegant autumnal notes of baked apples and winter spice, as well as a velvety-smooth finish.

AGEING PROCESS THAT CREATES DEPTH OF FLAVOUR

J.P. Wiser's 18 YO is aged in Southern Ontario, where the extreme climate fluctuations creates a very unique ageing environment. This delivers delicious notes of ripe apple, which are commonly disguised in whiskies of similar age.

CANADA'S OLDEST CONTINUOUSLY PRODUCED WHISKY

In 1857, before Canada was Canada, J.P. Wiser was creating whisky in Prescott, Ontario. The brand's time-honoured commitment to quality continues today, with Dr Don Livermore being named 'Master Blender of the Year' multiple times.

BEST ENJOYED NEAT

J.P. Wiser's 18 YO is exceedingly smooth and therefore is best enjoyed neat or over ice. This is a whisky to be sipped and savoured with friends.
