

# RENEGADE CANE RUM PRE-CASK DUNFERMLINE - POT STILL RUM

70CL | 50%

## POT STILL SINGLE FARM ORIGIN

Renegade Dunfermline Pre-Cask is an unaged, single farm origin traditional pot still rum produced from fresh sugarcane juice. The cane is harvested from Dunfermline farm on the north-eastern coast of Grenada and is distilled using a double-retort pot still to give a richly-flavoured fruity rum.

## NOTES OF FIGS, RAISINS, CITRUS AND FRESHLY CUT SUGARCANE

Sweet overtones of figs and stone fruit arrive on the nose, with subtle waves of caramel. This continues on the palate with golden raisins and fresh lemon zest, finishing with a smooth texture.

## BEST ENJOYED NEAT

Designed for comparing and contrasting, sip this rum alongside one of its siblings and use it to understand where each of the main flavours and textures come from.

## TERROIR-DRIVEN APPROACH

An industry-changing project By re-establishing Grenada's cane industry and working with farms all over the island, Renegade will explore the effect that terroir, cane variety and distillation-style has on the flavour of rum.

## GRENADA, THE PERFECT HOME

Situated in mountainous, volcanic Grenada, the Renegade distillery has access to a wide range of altitudes, soils and microclimates, which are ideal for growing top quality cane.
