

TORMORE

SPEYSIDE SINGLE MALT
SCOTCH WHISKY

TORMORE TIMELESS

70CL | 43%

FRUIT-FORWARD SPEYSIDE SINGLE MALT WHISKY

Tormore Timeless is a light and elegant fruit-forward single malt Scotch whisky, offering remarkable depth and balance in this non-age-statement expression.

MATURED IN BOURBON & SHERRY CASKS

Tormore Timeless is matured predominantly in first-fill and refill Bourbon barrels, enhancing the spirit's natural notes of vanilla and fruits. A small proportion of sherry cask matured whisky adds additional structure, balance, and length to the palate. Although released as a non-age-statement expression, the whisky incorporates older vintages to provide depth and richness, while younger components maintain its fresh, soft fruit character and overall vibrancy.

NOTES OF VANILLA, LEMON ZEST & SWEET SPICE

Tormore Timeless opens with aromas of sweet vanilla, honeysuckle and peach tea. The palate is soft and fruit-led, with notes of lemon zest, and gentle baking spices, leading into a fresh citrus finish balanced by subtle toasted oak.

THE PEARL OF SPEYSIDE

Balanced, elegant and full of bright fruit, Tormore whisky has always been designed to reflect the warm and welcoming character of the Tormore Distillery. Built in 1959, it was intended as a home for passionate whisky makers that has become known as the “Pearl of Speyside.” For decades, its whisky has been a key component of Scotch blends. Today, under the stewardship of Elixir Distillers, Tormore is positioned firmly as a single malt, with a renewed focus on creating an elegant style of whisky through a considered cask programme and balanced blending approach.

VERSATILE SERVES

Tormore Timeless is a versatile, approachable whisky suited to both neat serves and classic whisky highballs.
