

# BOATYARD DOUBLE GIN

70CL | 46% | £34.00

## ORGANIC GIN FROM IRELAND

An award winning gin created on the edge of Lough Erne in County Fermanagh in Ireland. Made using organic wheat spirit and distilled with botanicals including wild sweet gale from the family farm.

## CITRUS NOTES AND FLORAL SWEETNESS

A smooth, juniper-led dry gin with plenty of citrus and floral sweetness, enhanced by local botanical sweet gale, which adds gentle tea-like notes on the finish.

## PERFECT WITH TONIC

Best enjoyed in a refreshing gin and tonic with a slice of fresh grapefruit. The higher ABV in Boatyard Double Gin makes it perfect for mixing into martinis or other classic cocktails.

## A CLASSIC DRY GIN

Organic juniper berries are included twice in the distillation process, giving the gin a pronounced juniper flavour. Boatyard are the only gin-makers still using this traditional production technique.

## FAMILY-RUN DISTILLERY

Boatyard is the first legal distillery built in County Fermanagh in 130 years. It is innovative, open, transparent, obsessed with quality, family-run and passionate about distillation.
