CANE RUM

# RENEGADE CANE RUM

## ÉTUDES NEW BACOLET

70CL | 55%

### AGED RUM FROM AN INDUSTRY-CHANGING DISTILLERY

Renegade Études: New Bacolet is one of the first aged releases from the revolutionary Renegade Distillery in Grenada. This single farm origin release showcases the unique effects of terroir and maturation on cane rum.

### SINGLE FARM ORIGIN

Renegade Études: New Bacolet is crafted exclusively from Lacalome sugarcane grown in a single field on the New Bacolet Farm in the south of Grenada. The spirit is matured in a carefully selected assemblage of American and premium French oak casks in the tropical Grenadian climate, resulting in a rum with total transparency and traceability, from cane to cask. Grenada was chosen for this game-changing project due to its vast array of landscapes, volcanic soil and diverse terroirs.

### NOTES OF FRESH SUGARCANE WITH SWEET SPICE AND STONE FRUITS

Fresh, vibrant sugarcane notes unfold to flavours of dried stone fruits and sweet spices imparted by the casks.

### DRIVEN BY GRENADIAN TERROIR

Renegade Rum is a new distillery in Grenada from the team behind Waterford, the terroir-driven single malt whisky distillery in Ireland. Founded with the vision of exploring the diverse terroirs of its Caribbean island home, Renegade celebrates the unique flavours of heritage cane varieties and crafts rums with true provenance.

### 🍹 BEST ENJOYED OVER ICE

Enjoy Renegade Études: New Bacolet neat or over ice to showcase its vibrant notes of fresh sugarcane, dried stone fruits and subtle sweet spice.
