

# HAMPDEN ESTATE HLCF CLASSIC

70CL | 60% |

## HIGH ESTER JAMAICAN RUM

Hampden Estate HLCF Classic is part of the first tropically aged releases from Hampden Estate in over 260 years. Aged for a minimum of 4 years in the tropical heat of the Caribbean and bottled at 60% ABV, Hampden Estate HLCF Classic is a powerful, full bodied rum with notes of black tea, all spice and toasted banana.

## THE FIVE PILLARS OF HAMPDEN ESTATE

Hampden Estate is one of only 2 distilleries on the island to still use 100% traditional pot stills in their production, as they are essential for their signature high ester, funky rums. Hampden Estate HLCF Classic is a fantastic example of a Jamaican pure pot still rum.

## THE FIVE PILLARS OF HAMPDEN ESTATE

Ever since it was established in the mid-1750's Hampden has upheld 5 core pillars of production; Natural Fermentation, to develop esters and funky flavours; Natural Spring Water from a natural spring 4km from the distillery; 100% Pot Still Distillation, one of the last distilleries to do so; Tropically Aged to enhance tropical vibrancy; No Sugar or Additives, just traditional and honest rum.

## TROPICALLY AGED

Hampden Estate HLCF Classic is aged for a minimum of 4 years, and part of the very first tropically aged releases from Hampden Estate in over 260 years.

## HOW TO SERVE

Enjoy on the rocks or in a Hampden Old Fashioned.
