KAVALAN CLASSIC TAIWANESE SINGLE MALT WHISKY

70CL | 40% | £70.00

SMOOTH AND FRUTY TAIWANESE SINGLE MALT WHISKY

Truly unique and exceptional single malt whisky made using traditional methods in the north east of Taiwan. It has won Gold medals at all of the most prestigious spirits competitions in the World.

EASY DRINKING WITH NOTES OF COCONUT, TROPICAL FRUIT AND HONEY

Thanks to the climate in Taiwan, Kavalan's whiskies mature faster than those aged in temperate areas, creating a very smooth whisky. Kavalan Classic Single Malt displays notes of ripe mango and tropical fruits, spiced honey cakes and sweet red apples.

BEST ENJOYED NEAT

Kavalan Classic's smoothness means that it is best served neat, although adding a splash of water or some ice will help the flavours open up. Designed to be drunk in a tropical climate means that this single malt is perfect for warmer months.

THE ORIGINAL TAIWANESE SINGLE MALT

Founded in 2005 with the help of the late Dr Jim Swan ('the Einstein of whisky'), Kavalan is Taiwan's first whisky distillery. Kavalan's uniqueness is its ability to master tropical aging to create a sophisticated and renowned range of Single Malts.

UNIQUE LOCATION

The distillery site was chosen for the abundance of pure spring water which flows from the Snowy Mountain range. The Siberian wind which blows in from the ocean during winter helps create complex flavours during aging.
