

LOT NO. 40 DARK OAK CANADIAN RYE WHISKY

70CL | 48.00% | RRP £65.00

A RICH & INTENSE CANADIAN RYE WHISKY

Lot No. 40 Dark Oak retains the essence of Lot No. 40 but is a bolder expression. It is made from 100% rye grains, distilled first in a column and then a pot still and aged in new American Oak barrels. The liquid is finished in heavily charred new oak barrels to impart additional complexities of flavour.

NOTES OF VANILLA, CARAMEL & TOASTED BREAD

Distilled first in a column and then in a traditional copper pot still, the whisky is first aged in lightly charred new oak barrels and shows notes of vanilla and caramel that complement the rye spice. It is then finished in heavier charred barrels which bring flavours of toasted sugar and a deeper colour.

VOTED WORLD'S BEST RYE WHISKY

In 2021, Lot No. 40 Dark Oak was voted The World's Best Rye Whisky at the World Whiskies Award beating off competition from all over the world. This coveted prize is awarded by a panel of 50 industry experts from around the globe.

DRINK NEAT OR IN CLASSIC WHISKY COCKTAILS

Lot 40 Dark Oak delivers a full and complex drinking experience when consumed neat or on the rocks and can also add bold flavours to classic whisky cocktails such as a Manhattan or Old Fashioned.

PURE EXPRESSION OF RYE WHISKY

Lot No. 40 Dark Oak is made from 100% rye which is unusual in modern day whisky production as the grain is very difficult to process. The whisky embraces the singular qualities of rye and complements the grain's flavour with aging in new, lightly, and heavily charred American oak barrels. The whisky is bottled at 48% ABV for maximum flavour.

A RECIPE PASSED DOWN THROUGH SEVEN GENERATIONS

Lot No. 40 was created in 1998 by then Master Blender Michael Booth and based on whisky made in early Canada by his 7th generation forefather Joshua Booth. When Joshua emigrated to Canada, the plot of land that was given to him was lot number forty, hence the name. The current Master Blender Dr. Don Livermore continues to craft a brand that – much like rye itself – is unmistakable.
