

# AMRUT TRIPARVA INDIAN SINGLE MALT WHISKY

70CL | 50% | £140.00

## INDIA'S FIRST TRIPLE DISTILLED SINGLE MALT WHISKY

Amrut Triparva is the first triple distilled single malt made in India. With a name that translates as 'thrice', Triparva showcases the experimental zeal of the Bangalore-based Amrut.

## SINGLE MALT WITH NOTES OF PEACH, CUSTARD AND PLANTAIN

The single malt is made from 100% Indian-grown unpeated malted barley. It has notes of salted caramel, orange, peach and melon, along with savoury plantain and hints of oak.

## TRIPLE DISTILLED FOR A REFINED FLAVOUR

As the first Indian distillery to release a triple distilled single malt, Amrut continues to pioneer the Indian Single Malt category. Distilling for an additional time enhances Triparva's floral flavours and refined body.

## FAMILY OWNED AND OPERATED IN BANGALORE

The first Indian distillery to release single malt, Amrut opened in 1948 and is still owned by the Jagdale family. Due to its tropical location, Amrut's whiskies benefit from accelerated maturation.

## A VERSATILE SINGLE MALT TO BE ENJOYED NEAT

Being triple distilled means Triparva has a lighter body than the rest of the Amrut range – add a drop of water to help the flavour open up.
