

# MICHTER'S US\*1 SOUR MASH WHISKEY

70CL | 43%

## FLAVOURSOME AND MELLOW SOUR MASH WHISKEY FROM KENTUCKY

Michter's US\*1 Sour Mash Whiskey is a smooth and rich whiskey meticulously crafted in Kentucky, the heartland of American whiskey. With a maximum batch size of just 20 full barrels, this is a truly small batch Sour Mash Whiskey.

## COMPLEX WITH NOTES OF CINNAMON AND BUTTERSCOTCH

Michter's US\*1 Sour is of exceptional quality, displaying notes of butterscotch, cinnamon, cherry pie and roasted almonds with a hint of black pepper and spice.

## STARTS LIKE A BOURBON, FINISHES LIKE A RYE

This whiskey doesn't use enough corn in the recipe to be a Bourbon and not enough rye to be a Rye. It shows the best of both worlds: sweetness and richness from the corn, and spicy complexity from the rye grains, meaning it sits in the Sour Mash category.

## A 'COST BE DAMNED' APPROACH

Many of the processes that are used to make Michter's cost more, from seasoning all their wood for an extended period as well as the barrel entry proof being the lowest in the industry. The focus is always on quality.

## ENJOY NEAT OR IN COCKTAILS

Michter's Sour Mash can be enjoyed neat or on the rocks to show the beautiful balance between corn and rye, or is stunning in classic cocktails such as a Boulevardier, Whiskey Smash or Manhattan.
