

# MICHTER'S U S \*1 SMAL BATCH KENTUCKY STRAIGHT BOURBON WHISKEY

70CL | 42.4% | £52.95

## RICH AND SMOOTH BOURBON FROM KENTUCKY

A rich and complex whiskey meticulously crafted in Kentucky, the heartland of American whiskey.

## POWERFUL AND MELLOW

A bourbon of exceptional quality with notes of vanilla, cinnamon, stone fruits and baking spices with an added buttery texture coming from the top-quality corn in the mashbill.

## TRULY SMALL BATCH

A maximum batch size of just twenty full barrels. This means that each barrel has to be aged to peak maturity before being included into the batch.

## A 'COST BE DAMNED' APPROACH

Many of the processes that are used to make Michter's cost more, from seasoning all their wood for an extended period as well as the barrel entry proof being the lowest in the industry. The focus is always on quality.

## WHISKEY FOR ALL OCCASIONS

Enjoy neat or on the rocks to show the mellow flavour and finesse of the Bourbon. Great in a wide range of cocktails from the Old Fashioned to the Mint Julep.
