ELEMENTS OF ISLAY CASK EDIT

BLENDING MALT WHISKY

70cl | 46.00%

EXCEPTIONAL BLENDED MALT WHISKY FROM TWO OF ISLAY'S ICONIC DISTILLERIES

Elements of Islay Cask Edit is a blended malt whisky from two of Islay's renowned distilleries. It is a curated selection - or edit of refill, bourbon and sherry casks and is bottled at 46% for the perfect balance of personality and easy drinking.

FRESH FRUIT AND WOOD SPICE WITH NOTES OF REFINED SWEET SMOKE

On the nose, vanilla smoke and wood spice linger with freshly baked butter croissants and hot, milky coffee. Rich, smoky flavours from a single malt from an Islay south-coast distillery marries with a fresher, fruitier style from a north-coast distillery, alongside freshly brewed coffee, sugared almonds and white chocolate. The finish is lightly smoky and sweet.

DESIGNED FOR MIXING

Cask Edit is a spirit that can be enjoyed neat, on the rocks but is ultimately designed for mixing. Try it in a Cask Edit Highball with 50ml Cask Edit Whisky, 150ml soda and garnished with a lemon slice.

EXPERIENCE THE ELEMENTS OF ISLAY

Elements of Islay, a range of small batch, independently bottled whiskies is where the elements of flavour collide. Every sip of 'Elements of Islay' is a true taste of Islay. The new range has been inspired by the flavour, smell and taste of nature on Islay and all that it bestows.

MAXIMISING FLAVOUR

The bottles in the range don't carry an age or vintage because batches are created solely with flavour in mind, each one expressing the character of each distillery on Islay. Elements of Islay whiskies are always non-chill filtered and contain no caramel colouring.
