BLACK TOT MASTER BLENDER'S RESERVE 2023 LIMITED EDITION TRADITIONAL BLENDED RUM

70CL | 54.5%

TRULY UNIQUE RUM BLEND

Master Blender's Reserve 2023 is a unique multi-layered blend of rums from some of the best distilleries in the world. Casks were selected from Guyana, Trinidad, Barbados, Jamaica and Grenada. These were then married with Black Tot's perpetual reserve, Master Blender's Reserve from 2022 and some original Navy Rum, keeping the liquid history alive.

A BLENDING METHOD LIKE NO OTHER

Black Tot Master Blender's Reserve 2023 features a higher proportion of Guyanan rum; the thick liquorice and muscovado notes in this component help recreate the distinctive flavour profiles of over 50 years ago. Barbados' Foursquare and West Indies Rum Distillery contribute fruity notes, while Trinidad Distillers, Ten Cane, Jamaica's Worthy Park, and a 27-year-old Grenadian cask add complexity. The blend is further enhanced by marrying it with Master Blender's Reserve from 2022 and Original Navy Rum from 1970.

RICH NOTES OF CHOCOLATE, LIQUORICE AND ORANGE MARMALADE

Master Blender's Reserve is a rich blend with notes of chocolate, liquorice and toffee with orange marmalade and cinnamon. It is a rum presented in its purest form; it is not chill filtered, and it is bottled at navy strength (54.5%). The rich layers of flavour appeal to those who appreciate depth and complexity in their rum.

RUM FROM SOME OF THE BEST DISTILLERIES IN THE WORLD

For this year's Master Blender's Reserve, Master Blender Oliver Chilton has made his mark by adding a rum from Grenada, distilled in 1993 to add depth and accentuate the rich orange oil notes from Black Tot's perpetual reserve.

BEST SERVED NEAT, OVER ICE OR WITH A SPLASH OF WATER

Bottled at 54.5% ABV, Blender's Reserve has a rich and complex flavour, which will open up with the addition of water or ice cubes, but is smooth enough to sip neat.
