

THE NIKKA TAILORED

70CL | 43 %

PREMIUM BLENDED WHISKY FROM NIKKA

The Nikka Tailored is made up of predominantly malt whiskies from Nikka's diverse distilleries, Yoichi and Miyagikyo, and also grain whiskies from Nikka's famous Coffey stills. The result is a perfectly balanced, elegant and complex whisky which demonstrates Nikka's expertise in blending.

ELEGANT, COMPLEX & RICH

The Nikka Tailored is a complex, rich and elegant blended whisky that showcases the talents of Nikka's blenders. The malts add a decadent and mouth-filling texture with notes of sultanas, stone fruits and dark chocolate whilst the grain adds balance with elegant floral notes and soft stone fruits.

BEST ENJOYED NEAT

The Nikka Tailored is an incredibly complex whisky that is best enjoyed neat or on a large rock of ice to highlight the quality and depth of flavours.

TRADITIONAL STYLE BLEND FROM JAPAN

The Nikka Tailored mirrors the old style of blending present in the early 20th century where malt would have been favoured over grain. Made from predominantly malt whisky, which brings depth and power to the blend whilst the grain whisky - usually the majority - plays a supporting role, softening out the decadent malt components. This allows the whisky to show incredible depth and complexity.

THE FATHER OF JAPANESE WHISKY

Nikka was founded in 1934 by Masataka Taketsuru, often referred to as "The Father of Japanese Whisky". Taketsuru travelled to Scotland in 1918 to learn the art of whisky-making.
