

CANAÏMA SMALL BATCH GIN

70CL | 47% | £35.00

SMALL BATCH GIN, BORN IN THE AMAZON

Made using 10 sustainably sourced Amazonian botanicals including Merey, Seje and Acai Berry, which are hand-picked at the foot of the Andes in La Miel, Venezuela.

TROPICAL AND CITRUSY

In addition to ten exotic botanicals and one local fruit, eight traditional botanicals are also used in the making of Canaïma. Each botanical is distilled separately then blended together, producing tropical and citrusy flavours.

PERFECT WITH PINK GRAPEFRUIT SODA OR TONIC

Created by revered bartender Simone Caporale, Canaïma's signature serve with pink grapefruit soda, complements the gin's passion fruit, orange and acai berry notes.

10% OF SALES DEDICATED TO PROTECTING THE AMAZON RAINFOREST

Canaïma supports reforestation through the Saving the Amazon charity and supports Amazonian communities by creating sustainable jobs through the Terra Viva Foundation.

SUSTAINABLE PRODUCTION

Canaïma gin is produced at a distillery that has been recognised for its multitude of environmental initiatives, and is named after Venezuela's most famous national park, where the world's tallest waterfall, Angel Falls is located.
