70CL | 42.4% | £53.95

## RICH AND ELEGANT RYE WHISKEY FROM KENTUCKY

A powerful, complex and meticulously crafted rye whiskey from Kentucky, the heartland of American Whiskey.

## NUTTY, SPICY AND FRESH

Black pepper, menthol, eucalyptus and spice. Added depth and richness from the production process giving notes of orange peel, roasted nuts and butterscotch as well.

## SINGLE BARREL

Every bottle of Michter's US\*1 Kentucky Straight Rye is the product of just one barrel, which means that the quality of each and every barrel must be exceptional.

## A 'COST BE DAMNED' APPROACH

Many of the processes that are used to make Michter's cost more, from seasoning all their wood for an extended period as well as the barrel entry proof being the lowest in the industry. The focus is always on quality.

## ENJOY NEAT OR IN COCKTAILS

Michter's can be enjoyed neat or on the rocks to show the complex flavour and finesse of the Rye. It's also ideal in cocktails from the Manhattan to the Whiskey Sour.
